

The mission of The Wellness Community is to help people affected by cancer enhance health and well-being through a professional program of emotional support, education, and hope. All programs and services are provided free of charge.

Weekly Support Groups

Connection for People with Cancer

A support group can be an important complement to cancer treatment and recovery. TWCP support groups include people with all types of cancer. The focus is on managing the changes and uncertainty of cancer while living life as fully as possible. Committed groups meet weekly at the same time and are facilitated by a licensed professional. Information shared is always confidential.
